

In this questionnaire you will find questions about the following topics:

- *Yourself, your family, and your home*
- *Your learning in school*
- *Your friends and family*
- *Your previous education*
- *Your views on science*
- *Using technical devices*
- *Reading and working outside school.*

Please read each question carefully and answer as accurately as you can.

In this questionnaire, there are no right or wrong answers. Your answers should be the ones that are right for you.

You can ask for help if you do not understand something or are not sure how to answer a question.

*Some questions relate to **school science**. Please think of all the different subjects and courses in your school that include science. If you are in junior cycle, you probably study **Junior Cert. science**, and if you are in senior cycle, you might study **Leaving Cert. physics, chemistry, biology, physics/chemistry combined, or agricultural science**. Not all students in Ireland study science.*

*The **forward button** that is used to go on to the next question is located at the **bottom right hand corner** of your screen. Sometimes you might need to scroll down to the bottom of your screen to be able to click on the forward button.*

Your answers will be combined with others to make totals and averages in which no individual can be identified. All your answers will be kept confidential.

Thank you very much for taking part in PISA.
