

In this questionnaire you will find questions about the following topics:

- You, your family and your home
- Your school timetable and learning time
- Collaboration and working habits

Please read each question carefully and answer as accurately as you can.

In this questionnaire, there are no right or wrong answers. Your answers should be the ones that are right for you.

You may ask for help if you do not understand something or are not sure how to answer a question.

Some questions are about science at school. Please think of all the different subjects and courses in your school that teach content related to science. Your school might teach science in different subjects such as physics, chemistry, biology, Earth and geology, space and astronomy, applied sciences and technology. Or your school might teach a general, integrated, or comprehensive science course (which might just be called 'science').

Please note that the forward button used to go on to the next question is at the bottom right hand corner of your screen. Sometimes you may need to scroll down to the bottom of your screen to see the forward button.

Your answers will be combined with others to make totals and averages in which no individual can be identified. All your answers will be kept confidential.
