Core 6
March 2013

In this questionnaire you will find questions about the following topics:

- You, your family, and your home
- How you think about your life and your health
- Your science learning

You may ask for help if you do not understand something or are not sure how to answer a question.

Some questions relate to science. Please think of all the different subjects and courses in your school that teach content related to science. Your school might teach science in different subjects such as physics, chemistry, biology, Earth and geology, space and astronomy, applied sciences and technology (e.g. Design and Technology), or your school teaches a general, integrated, or comprehensive science course (e.g. Integrated Science).

Your answers will be combined with others to make totals and averages in which no individual can be identified. All your answers will be kept confidential.
