

The following questions ask about any additional instruction in school subjects and other disciplines that you take or took part in during this school year. This instruction might take place at school or somewhere else, but is not part of your school timetable. Please consider all organised additional learning activities in which you receive some kind of instruction, guidance, or support (e.g. extra language classes, music lessons, science grinds, and exam preparation sessions).

This school year, approximately how many hours per week do you spend in addition to your school timetable on the following subjects?

(An hour here refers to 60 minutes, not to a class period.)

(Please move the slider to the number of hours you attend, and move it to 0 (zero) if you don't attend any additional instruction.)
